

Memorial Butterfly Garden

Make a lasting tribute to a loved one

The Library Foundation offers a unique opportunity to dedicate a memorial butterfly in our beautiful new Labyrinth space. The butterflies will be mounted to the rock features that surround the Labyrinth, located just off the trail between the Library and Peets Hill.

With a tax-deductible gift of \$1,000 you can customize a butterfly as a tribute to your loved one. Each butterfly is 6" x 3.75" with black engraved type. There are five colors to choose from.

Proceeds above the cost of purchase and installation will be used to maintain and expand the healing garden area of the campus, which includes the Labyrinth.
